

Project Report

Name: Devrat Dave

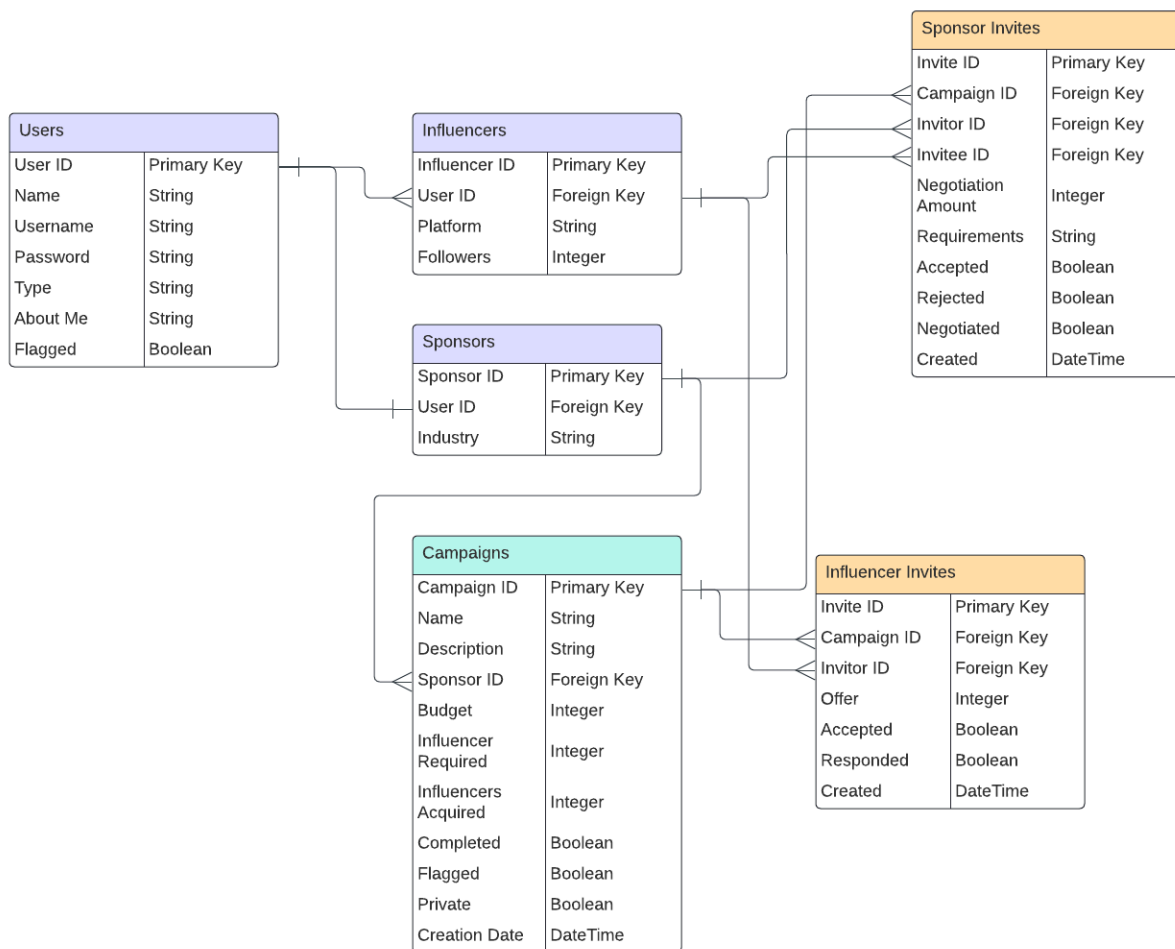

Roll No.: 21f1006042

Project Statement: It's a platform to connect Sponsors and Influencers so that sponsors can get their product/service advertised and influencers can get monetary benefit.

Approach: Approaching the modern app development project aimed at connecting sponsors and influencers began with a thorough analysis of the project statement. The initial phase focused on understanding the core functionalities. It started by adding and implementing the basic functionalities such as signing in, signing up etc. Then continued by adding other functionalities on top of it one by one.

Frameworks: Flask, Jinja2, Bootstrap, SQLite

Libraries: flask, flask-login, flask-sqlalchemy, flask-wtf, sqlalchemy, wtforms, wtforms-alchemy
